

Report of the Faculty Development Programme organized by Government Lohia College, Churu in collaboration with Directorate, College Education, Rajasthan

Dates of the programme – 08-09 September , 2020

INAUGURATION

The FDP programme was inaugurated by Director, College Education, Rajasthan Sh. Sandesh Nayak on 08 September 2020 at 10:30 AM. This programme is the brainchild of our Director sir and is aimed at creation of excellent e-content. In the inauguration address, Sh. Sandesh Nayak urged the faculty to learn from such programmes so that we can disseminate good knowledge to the students at the time when it is not possible to have direct classroom teaching. He also requested to enhance the skills at this time. Principal, Govt. Lohia College, Churu Sh. Dilip Singh Punia welcomed all guests and participants. He also gave a brief summary of the FDP programme organized by the college and assured all for best quality lectures in the FDP. Sh. B.L. Goyal, Additional Director, College Education, Rajasthan also talked about the importance of such programmes. The Coordinator of the programme Dr. Ravinder Kumar (Associate Prof.) gave the brief summary of the sessions to be organized during this two day programme. Dr Vinod Bhardwaj , Nodal Officer (ISDP, DCE Jaipur) also address the participants. Senior faculty member Sh. Mahaveer Singh gave vote of thanks to the guests and participants.

TECHNICAL SESSIONS(DAY-1)-11 AM – 1:30 PM

The I technical session started at 11 AM with the lecture of Dr Prashant Sharma, Associate Prof.(Botany), Govt. Lohia College, Churu. He gave his lecture on 'Need for e-content development' and 'Use of OCR'. He urged the participants that the use of ICT tools is increasing day by day and it has become the need of hour not only due to COVID-19 but also because it gives better understanding about the subject. He also talked about the importance of e-learning. He gave a hand-on video lecture to use OCR technique for converting non-editable documents in editable. It is of great help to edit and modify our already prepared notes.

His lecture was well managed with clear description and will benefit the participants.

In the II technical session, Mr. Rakesh Ranjan delivered on the topic " Power point presentation for effective education dissemination: features and functionalities in Indian context". His focus of deliberation was about power point. At the start he talk about some alternatives of power point like

-keynote

-google slides

-beautiful.ai

-microsoft sway

-libre office impress, zoho show, slide dog etc.

He told that PPT can organize , structure, create, provide and animate and also beautify presentation, animate presentation and it creates a flowless lecture.

He focused on important features of power point like

-DICTATE

-TRANSLATE

-RECORD VIDEO

-INSERT WEBPAGE

-3D MODELS

Also talk about MORPH, DRAW, REHEARS WITH COACH.

His lecture was very simple to understand. He gave hands on training about these features of power point which will help the participants to make better presentations.

III technical session started with the lecture of Dr Ravinder Kumar, Associate Prof.(Geography), Govt. Lohia College, Churu in which he tried to train the participants to make videos using OBS Studio software. He focused on the basics of OBS and started his lecture by telling the features of OBS software. He imparted knowledge about 'auto configuration wizard' of OBS and provided hands-on training on use of different dialogue box i.e. scene, source, audio-video, settings. He also told about different kind of settings including general, audio output, video output and hotkeys.

He said that by using this software it is easy to make good quality videos.

His lecture was very practical, simple and understandable. It is of great benefit to the participants.

The IV technical session was taken by Dr A.K.Saxena, Associate Prof.(Chemistry), Govt. Lohia College, Churu shared his experiences with e-content development and gave hands-on training on apowerrec software. He talked about some important features of this software. He also talked about use of snipping tools in e-content development. His lecture was of much use for the participants.

TECHNICAL SESSIONS(DAY-2)-10:30 AM – 1:00 PM

The second day started with a trouble shooting session in which Dr Ravinder Kumar, Coordinator cleared doubts raised by the participants.

He also gave training about creation of google forms for feedback and assessment of the students.

I Technical session was taken by Dr J.B.Khan Associate Prof.(Botany), Govt. Lohia College, Churu in which he gave some useful tips to prepare effective e-content. His focus was on preparing good quality PPT using power point. He also talked about A-Z screen recorder.

His lecture was systematically designed and provided good information to the participants.

The II technical session of day 2 was taken by Dr Anju Ojha, Asst. Prof.(Geography), Govt. Lohia College, Churu on 'video editing, uploading in KINEMASTER software'. He provided good knowledge about the use of KineMastere in preparing video.

Her lecture was of great help for participants.

The last session(III of day 2) was on google classroom by Dr Gunjan Gupta, Asst. Prof. (Commerce), Daulat Ram College, University of Delhi, New Delhi. She talked about managing online classroom using google classroom app. She gave information to create a

classroom and also to deliver the material to students. Her lecture was very interactive and is of great help to the participants.

The technical session was followed by valedictory programme under the chairmanship of Sh Dilip Singh Punia, Principal, Govt. Lohia College, Churu. Dr Prashant Sharma, Associate Prof.(Botany), Govt. Lohia College, Churu welcomed all guests. The Coordinator, Dr Ravinder kumar gave the report of the programme. Dr B.L.Sharma, Joint Director(RUSA), Dr Vinod Bhardwaj ,Nodal Officer (ISDP,DCE Jaipur), Dr Rakesh Harsh, asst Director, Bikaner Division also addressed and applauds the efforts of Lohia College for conducting a nice programme.

The faculty development programme organized by Govt. Lohia College, Churu and Directorate of college education, Rajasthan gave a new insight about preparation of e-content. The theoretical and technical deliberations given by different resource persons is going to enhance the capacity of participants as they move towards online teaching and e-content development.

This programme will surely boost the confidence of participants and enhance their knowledge in the field of e-learning.

Best wishes,
